

GUIDELINES FOR REVIEWING A CORE READING PROGRAM RUBRIC

LEAD21 Grade 5

Final Review

Directions for use:

- Thoroughly review the core reading program using the corresponding rubric.
- Only evaluate the individual components that correlate with the grade level to review. (*Note the placement of the “x” within the grade level columns.*)
- Each indicator must receive a score using the following criteria:
 - 2 – Exceeds expectations
 - 1 – Meets expectations
 - 0 – Does not meet expectations(*For any indicator receiving a 0, comments must be provided justifying the score.*)
- Record the total score for each area in the final row for the section.

X	X	X	X	X	X	X	1	<i>Publisher's Comment:</i> Students are explicitly pre-taught new words in a routine that provides several exposures in one lesson, by offering a definition, an example, and a sentence containing the word. Students also interact verbally with their teacher and peers by responding to questions about the words.

									Before encountering the words in context, students respond to self-evaluations of their own knowledge of the words. Subsequently, students encounter the words in context throughout their whole group and small group readings, using the Theme Readers and Differentiated Readers, and they participate in whole group and small group discussions that incorporate the words. Students also experience listening to and reading the words in context in a digital environment, using their online eBook versions of the texts. Additionally, students practice the words each week, using the Practice Companion Vocabulary worksheets. Finally, students engage in online Vocabulary Activities to reinforce and solidify knowledge of the words.
